

Council of Governors Appointed Community and Voluntary Sector Governor Vacancy

This is an exciting opportunity to represent the interests of our Members and Partner Organisations while making sure that the views of the wider community are considered in developing our services.

NHS Foundation Trust Governors are local people who have an interest in health and care and improving local health services for the good of the whole community. They support us to develop stronger links with the community we serve.

As a CNTW CVS Appointed Governor you will get to join the Council of Governors, work alongside the Board of Directors and make sure the public, partners and stakeholders, can have a voice in how services are delivered with them in mind.

We currently have one vacancy for a new CVS Governor and we are encouraging CVS organisations to consider nominating a representative for this role.

If you are interested in this role, please email Jack Wilson, Corporate Engagement Assistant, via jack.wilson@cntw.nhs.uk with the following information and supporting documents, **no later than 5pm on Wednesday 29th November 2023**:

- Letter of support from the Third Sector/Community and Voluntary Sector Organisation you currently work in
- A short 250 word statement why you wish to put yourself forward for this role

The Council of Governors Steering Group will then be discussing and recommending an appointment in December, at which point we will then contact all nominated individuals with the outcome

If you would like an informal discussion about the role please contact the Corporate Affairs Team via email: corporateaffairs@cntw.nhs.uk or call 0191 245 6827
