

Partnership Agreement

As a Partner of North East Forum on Ageing I agree to:

- Support the vision and values of NEFA, as set out in the Declaration, working collaboratively to improve older people's lives.
- Act as an Ambassador to promote the Forum and widen its networks and opportunities to improve older people's lives. Promote the vision of the Forum and encourage others to join.
- Agree to share contact details (or agree to be contacted via the Forum if details are personal) with other Partners to enable the Forum to thrive on its extensive networks.
- Receive communications with information from the Forum, acting on this where appropriate and sharing with your wider networks to promote the success of the Forum.
- Strive to involve older people in the design, delivery and evaluation of our work, meeting older people's needs now and in future. Guidance on the involvement and engagement of older people, developed by older people, is located on NEFA website (www.nefa.org.uk).
- Seek out opportunities to collaborate and take practical action in partnership with other partners to improve older people's lives. This might be as active partners of existing Working Groups within the Forum or through initiating work with other partners.
- Share information and good practice with the Forum, responding to queries from other Partners and involving them in your work where appropriate.

As a Partner of North East Forum on Ageing you agree to:

- Have your organisation (and hyperlink to website) included on the NEFA website Partners page and on Theme pages related to Working Groups with which you or your organisation are involved.
- Receive regular communications from NEFA to update you on progress and developments in Forum activities.

- Have the opportunity to share information and opportunities for action with other partners within weekly communications and to blog for the Forum on how your organisation is taking collaborative action through the Forum.
- Be entitled to refer to partnership of the Forum in your own communications.
- Be able to share resources and examples of good practice from your organisation for consideration to be included on NEFA website as part of a hub of information on action to improve older people's lives
